N W
 AUSTRALIA
 SHEWING THE ROUTE OF THE
 NORTH AUSTRALIAN EXPEDITION
 NOV 1855 TO MAY 1856

No 2

apt) A. G. Gregory
 Commander North Australian Expedition.

202 Sheet 2 -
 For notes see Besse Throalfills
 S. A. land exploration (map 6)

The bed of the creek is dry and sandy
 for 20 yds wide and narrow grassy flat
 on the banks it probably flows into
 Lambert's Gulf

The soil consists of a small dry
 channel, containing a grassy flat
 heavily timbered with oak and
 standum gum... The bank country
 shows with good grass and very open

(original in the Lands Dept Sydney)
